

To: His Worship the Mayor and Members of Council
From: John Scherer
Building, Development and Drainage Manager, CBO
Report Number: CBO2024-02
Subject: Innerkip Stormwater Master Plan Update
Meeting Date: November 20, 2024

Recommendation:

THAT Report CBO2024-02 be accepted as information.

Update Summary:

- All CCTV work has been completed.
- Stormwater Management Facilities (Ponds) have been inspected and some attention is needed.
- Additional rain gauges were installed, as well as flow monitoring devices, in different areas of the village.
- PCSWMM is the modeling software our Engineering Consultant uses. This software is frequently used throughout Ontario.
- The first public open house was well attended.
- The project is behind by about 10 months. This is due to additional notifications being sent out, additional field work to adequately map our infrastructure and additional time obtaining data from various agencies.

Strategic Plan Linkage:

- Financial Sustainability
- Good Governance
- Infrastructure
- Service Delivery
- Community Vitality
- Environmental Awareness
